-

WORK HISTORY

Kaivelya techno soft Pvt ltd, Mandsaur, Software developer, (08/2022)- (08/2023).

EDUCATION

Present, 2025, UIT RGPV, Bhopal.
7.29 CGPA, BCA, 2023, Mandsaur University, Mandsaur.

PROJECT

- **Hospital reception :**

The hospital reception PHP project is designed to streamline patient check-ins, appointments, and overall reception management. It includes features such as patient registration, appointment scheduling, check-in/out functionalities, and basic reporting capabilities for staff and administrators. The system aims to improve efficiency and organization within the hospital reception area.

- **Personal portfolio :**

I have developed a personal portfolio website to showcase my skills, projects, and professional experiences. This website serves as an online resume, providing a comprehensive overview of my technical competencies and accomplishments.

Technology used : ReactJs, Html, Css, Js .
